

What are Community Prize Posts?

We want to make the Community an exciting part of the Digital Leaders online training platform, where Digital Leaders from all over the world can share their ideas and experiences. We also want to hear from Digital Leaders about the online safety issues and questions that matter to them! To encourage Digital Leaders to join the discussions, we're offering prizes for participation in special secondary Community Prize Posts.

These posts will be shared by a member of the Childnet Digital Leaders team and will ask for Digital Leaders' thoughts on a specific topic or question.

To be in with a chance of winning a small, non-cash prize, secondary Digital Leaders need to post a relevant and thoughtful response in the thread.

The first Community Prize Post will be shared on Thursday 5th September 2019 and a prize winner will be chosen on Wednesday 18th September 2019.

Winners will then be chosen at random, once a month, from the thoughtful responses given on any Community Prize Posts shared during that month. Prize winners and their teachers will be notified via email and prizes will be posted via their teacher at their school address.

Get in touch at leaders@childnet.com if you have any questions about Community Prize Posts and let us know if you have any relevant questions that you would like answered by the Digital Leaders community!
